Making a world of difference

NEWSLETTER

2024

Dear Friends and Supporters,

We hope you are doing well. August has been a busy and exciting month for Planet Hope, and we are happy to share the latest news from our projects. Thank you for your continued support as we work to make a positive difference in our community.

AUGUST

New Basic Tailoring Course Begins

We are excited to start a new batch for our Basic Tailoring Course. This program helps people, especially women, learn sewing skills that can lead to self-employment and better financial stability.

PlanetHOPE AS

The new students are enthusiastic about learning, and we look forward to seeing their progress in the coming months.

New Computer Course for Jyothi Secondary School Students

This month, we also launched a new batch of our Basic Computer Course at Jyothi School for secondary school students, especially girls.

Knowing how to use a computer is very important today, both for education and future jobs. Through this course, we aim to give these students the computer skills they need to succeed and help them develop essential 21st-century skills. We are proud to help them on their learning journey.

Welcoming Interns from St. Joseph's College

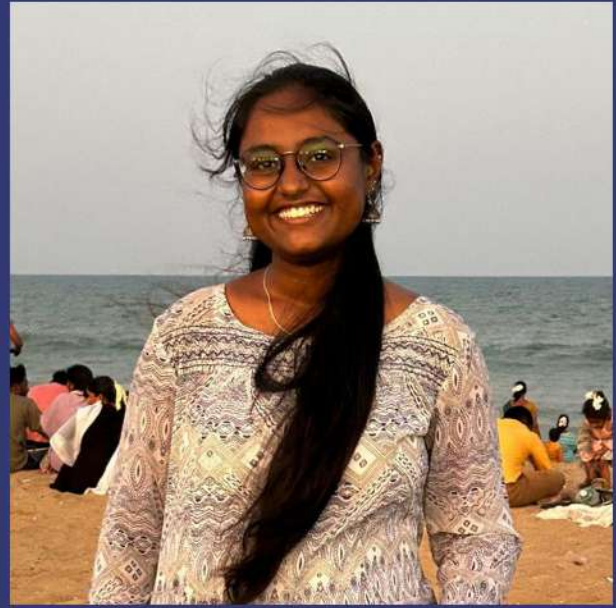

We are happy to welcome students from St. Joseph's College who are studying Social Work. These interns will be helping with our social, educational, and empowerment projects. They are motivated to contribute, and we are already seeing the positive impact they are making. This internship will be a great learning experience for them, and their help will make our programs even better.

Elsa Maria Soni

Smrithi

We are very thankful for the support we receive from our donors, volunteers, and partners. Together, we are creating opportunities and empowering those who need it most.

Thank you for being part of Planet Hope's mission. We look forward to sharing more updates with you in our next newsletter!
